Management commentary

Sector: Road freight and warehousing

Volumes on the Melbourne–Sydney linehaul were up 6% on the prior month, helped by the onboarding of two new retail customers in August. Fuel costs eased slightly and the fuel levy was passed through in full.

Trading for the twelve months to September remains ahead of last year, with EBITDA of approximately $7.9m on revenue of $48.6m. Management expects the December quarter to be seasonally stronger.

Two prime movers were replaced during the month under the existing capex plan. No new borrowings were drawn.
