Management commentary

Sector: Fresh produce processing and distribution

This pack replaces the one sent on 9 October. Our auditors identified $510k of September inventory spoilage that had not been written off, and the revised trial balance is reflected throughout.

On the revised numbers, twelve-month EBITDA is $4.7m. Excluding the flood-related spoilage and the one-off Gatton packhouse restructuring, which we regard as non-recurring, adjusted EBITDA is $5.3m.

We drew a further $300k on the revolver in late September to cover supplier payments. Management is confident of returning to the budgeted margin from December.
